I discussed this with Evelyn and she feels this looks really bad to be giving a letter to Stuart that is over 1 year old for his signature. Call me when you get this.

Jason

Hi Jason,

I hope all is well. We finished going through our files, and we are missing one other letter. Not sure if it ever was sent to us. It relates to the May 2000 S-1 filing. I have attached the rep letter below. Please get Evelyn and Joe to sign it and then put it in the pile with the others for John and Stuart. Also, I'm sure I'm pushing my luck on this one, but if you have letterhead with the Thousand Oaks address, it would be great if you could print it on that letterhead instead of the new building's

address. If not, I understand. I apologize for not catching this one the other day. Please give me a call to discuss if you'd like.

Thank you,  
Michelle
