Lucidpress

Seamless content creation for agents at Berkshire Hathaway HomeServices

Lucidpress is a brand templating platform that empowers agents to easily create on-brand content.

How it works

1

Create a template from scratch or import one from InDesign.

2

Lock down important aspects of the brand like logos or images.

3

Non-designers customize templates with approved assets.

4

Distribute documents via print, web, or social media.

Trusted by over 8 million users
