

Converting transactions into relationships.

FEATURES

Shaker is a collaborative transaction & workflow manager for real estate.

Save hours per week

With emails, texts, documents and data all at your fingertips, you can spend less time juggling and more time with your clients.

Drive more referrals

Transition clients seamlessly from closing into automated marketing programs, keeping you top of mind for the long haul.

Work as a team

Collaborative deal and pipeline views keep team leads, agents, coordinators and assistants on the same page every step of the way.

Look like a pro effortlessly

Shaker's client portal ensures a boutique experience with consistent, branded communication and helpful resources all at your clients' fingertips.

Shaker allows us to organize workflows and deliver value to clients while remaining simple. It keeps my team focused on what it does best!
