Some Agents That ❤️ Zentap's Lead Generation

Carolyn Summers

I have 2 buyers that I'm working with after only a month!

Richard Le

In 3 months I've generated over 100 leads, and converted 3 leads into 3 listings, so far.

Janice Davis

In just under 6 months, I have closed 3 deals with 2 in escrow.

Jonathan Vasquez

Having to find leads was always the hardest part for me. Now I have 5 sellers that I'm working with, and the leads keep coming.

Jeffrey Patel

We've closed right around 11 deals and building a database to more efficiently improve our follow up game.

Chloe Smith

I'd much rather have the problem of leads that I can't follow up with because I have so many, than having none at all.
